

CENTER OF HOPE
OF MYRTLE BEACH, LLC

**104 George Bishop Parkway
Myrtle Beach, SC 29579
(843)903-6212 Fax (843)903-5432**

We are pleased that we are the facility in Myrtle Beach that can assist with guest dosing needs so that patients may travel to this area. Due to the volume of guest dosing at our facility, we have established the following guidelines in order to make this process as compliant and efficient as possible for all staff and patients:

1. The patient must be in treatment for at least 30 days and at a stable dose prior to guest dosing.
2. Non-emergency requests require seven (7) day notice.
3. Emergency requests ie; death/illness of loved one require twenty four (24) hour notice.
4. A valid consent for the release of patient confidential information must accompany the request.
5. The guest dose request must be signed by a physician; we are not permitted under SC regulations to accept verbal orders.
6. Drug Screen results must be included.
7. Any changes in expected dates of guest dosing, dose amount and/or take home medication requires a new request. *Please remember the request must be signed by a physician.*
8. The patient must have valid photo identification with them at the time of their arrival.
9. The patient must have a lock box/bag for any take home medication they may receive.
10. Any absences beyond one day will result in a cancellation of guest dosing and we will refer the patient back to the sending program.

GUEST DOSING FEES: A one time \$25 set up fee per patient; \$16 per day. Please call for Suboxone fees. We accept cash/money orders.

GUEST DOSING HOURS: Monday – Friday 7:00am – 11:00am

WE DO NOT ACCEPT GUEST DOSING REQUESTS THAT BEGIN ON A SATURDAY NOR THE DAYS BEFORE OR AFTER WE ARE CLOSED DUE TO A HOLIDAY.

SUGGESTIONS:

- Call to confirm that paperwork was received and meets guidelines. We will not dose without required documentation received in advance.
- Provide a copy of these guidelines to your patient.

We hope that you find this helpful. Thank you for understanding that our rules and expectations are for regulatory requirements as well as patient's safety. If you have any questions, please feel free to contact us at (843) 903-6212 Extension 226.
